SWEETHEART.

Boys Had a Hot Fight For Her Affections.

Father of One of Them Paid the Bill.

A pretty little girl, a fight for her affections between two boys, and the father of one of them taking a hand resulted in Fred E. Wood, of South Broadway, being fined \$5 and costs in Police court Saturday.

Chas. Skriver, a pupil at the Perkins school, caused Wood's arrest. There were a dozen boys and girls as witnesses. Miss Elizabeth Perry, principal of the Perkins school, also a witness, and an interested lobby of spectators in court. E. P. Otis, Esq., represented Wood.

The testimony showed that Forest Kelly, son of Sheriff F. G. Kelly, and Alfred Wood, the defendant's son, had been rivals for the affections of the pretty little girl, whose name did not

appear in the case. They had, in the language of one of the juvenile witnesses, had several "word fights," but no fist fights. On Friday, March 1, just as school was dismissed, the boys came together at Bowery and Exchange sts. Mr. Wood crossed the street and told Alfred and Forest to fight it out. They sallied into one another. Chas Skriver yelled "Punch him good, Kelly," and Wood grabbed Skriver and pushed him.

Wood testified that his boy had been abused and chased home through alleys, and that the Skriver boy threatened to cut his head open.

The court censured Wood for taking the trouble into his own hands and found him guilty. The costs are heavy.

The Price Which Taxpayers Will be Called Upon to Pay to Retain Perkin Park.

The City Commissioners have had some figuring done which shows that the average property owner will need pay but a small sum toward the improvement of the Perkins park if the proposition to issue \$25,000 of bonds for that purpose carries in the April election. If the money is not raised the park is forfeited.

The bonds will be payable \$5,000 a year for five years. With the interest the total amount to be paid, not deducting any premium, will be \$28,750.

Figures furnished by Auditor L. E. Sisler show that the tax duplicate for

Akron for the next five years will average yearly, \$19,875,000. To raise \$28,750, sufficient to pay both the bonds and interest, will require a total tax levy of 1 4/100-10000 mills on all real and personal property in the city. This will make the actual cost in taxes for five years on property valued on the tax duplicate at \$1000, only \$1.45, or 29 cents per year.

The actual amount due with each payment of taxes would be 1 1/2 cents. On property valued at \$100, the total tax would be 14 1/2-100 cents, which would make the amount due at each payment of taxes, only 1 1/2-100 cents.
